EDUCATIONAL

Association of West Virginia Meets at Morgantown June 21-23, and Sessions Will Be Notable One.

Harrison county teachers are interested in the annual meeting of the West Virginia Educational Association which will be held at Morgantown June 21, 22 and 23. Indications point to the greatest meeting ever held by the association and it is likely that many of the local pedagogues will attend.

The Morgantown people, the members of the university faculty and the teachers in the Morgantown public schools are taking great interest in the coming meeting and have appointed committees to do everything possible for the pleasure and comfort of those who attend. Many social affairs and excursions to the various points of interest about the Athens of the state are being planned in order that the social side of the annual gathering will be as attractive as the splendid educational features.

The university summer school will be opened that week for a six weeks session and the teachers will have an opportunity of hearing lectures by the most prominent educators in the state. A number of special courses have been put on for the express benefit of the teaching fraternity.

Morgantown and its environments form one of the prettiest sections of the state and a more delightful place for holding the annual meeting could not have been selected.

CURES WHILE YOU SLEEP.

Hyomei Guaranteed to Cure Catarrh or Money Refunded by Sturm & Co.

In addition to breathing Hyomei three or four times a day through the inhaler that comes with every outfit, it is well

in the treatment of catarrh or catarrhal colds to moisten a piece of flannel with a few drops of Hyomei, and pin it to the night clothes right under the chin. In this way Hyomei will be breathed the whole night long, curing while you sleep. In most cases it will break up a cold over night.

The complete Hyomei outfit, consisting of a pocket inhaler, a medicine dropper, and a bottle of Hyomei costs but one dollar. The inhaler will last a lifetime, and if more Hyomei is needed extra bottles can be obtained for fifty cents.

It is the most economical of all remedies for the cure of catarrh, and the only one that follows a natural method of treating diseases of the respiratory organs. Physicians advise a change of climate for the cure of catarrh. With Hyomei, a change of climate is gained while at home. Its healing balsams impregnate the air you breathe, and their health giving and germ destroying powers go to the most remote air cells of the respiratory organs.

You take no risk in buying Hyomei. Sturm & Co. have so much confidence in its power to kill catarrh, gripe and catarrhal colds, that they sell it under their personal guarantee to refund the money if it fails to cure.
